

**Job Title:**

Clinical Psychologist: Traumatic Brain Injury Clinic (05 Billet)

**Job Description:**

Incumbent works under the general supervision of the Chief, Traumatic Brain Injury Clinic. The selected candidate will provide direct patient care to beneficiaries, which may include active duty, family members and retirees.

**Duties:**

Provide a broad array of clinical and specialized clinical health psychological evaluations. Assess and provide crisis intervention for service members. Conduct psychologically focused training to wounded warriors and other patients. Develop treatment plans for reduction of fears associated with potential interventions. Coordinate care and serves as a specialist in the area of clinical health psychology. Incumbent will serve as subject matter expert for complex and medically compromised patients.

Develop and implement strategies to enhance the occurrence of health-promoting behaviors and wellness. Provide clinical supervision to students, interns, and residents in the Department of Medicine, and the Department of Behavioral Medicine.

USPHS officers assigned to Army MTF's would be expected to participate in the after-hours call schedule. In all cases, specific duties would be based on the needs of the local clinic. While USPHS officers assigned to an Army MTF should not necessarily anticipate filling a leadership position, such roles are not necessarily precluded.

**Requirements:**

**License:** A current, unrestricted and valid license as a clinical psychologist from a U.S. State, District of Columbia, Commonwealth, Territory, or other jurisdiction is required.

**Training:** The Candidate must possess a qualifying doctoral degree in clinical or counseling psychology from an American Psychological Association accredited university or professional psychology program. An APA accredited internship is also required.

This position is for a minimum 3 year commitment.

**Location of Position:**

Fort Stewart, GA  
Winn Army Community Hospital, Dept of Behavioral Medicine, Traumatic Brain Injury Clinic
